Media producer and AI-native builder. I make video, motion graphics, and social content, and I ship software: **1M+ organic views** for a 7-location medical practice, post-production credits on a **PBS series**, and **five shipped interactive projects**.

EXPERIENCE

Social Media & Web Manager · Vascular Surgical Associates

JAN 2025 – JUL 2026

Marietta, GA · remote, with on-site filming across locations

- Sole digital hire for a 7-location vascular surgery practice; owned strategy, production, and publishing end to end
- Generated **1,000,000+ organic views with zero paid spend**
- Ran six platforms: TikTok, Instagram, YouTube Shorts, Facebook, LinkedIn, and Pinterest
- Traveled to practice locations to shoot; wrote, filmed, edited, and published every piece
- Owned and maintained the practice's website

Motion Graphics & Post-Production · Chris Greer Media

JUL 2024 – PRESENT

Athens, GA

- VFX and motion graphics for **View Finders**, a series airing on **PBS** starring Chris Greer; run the show's social presence
- Logo animations and motion graphics for client campaigns and a feature documentary on sustainable grazing (in post)
- Began as post-production intern; retained through graduation and hired on

SHIPPED PROJECTS

DayTapes · iOS, App Store. A private daily diary on one "tape": photos, 3-second loops, cut-out stickers.

Surgepod · iOS, App Store. Music player with a hardware-inspired interface that tracks your listening.

Fairways · Three.js golf-course management sim with a full course builder. (jaxcann.com/fairways)

Backyard · 3v3 gym-class capture the flag in the browser, eight yards, bots. (jaxcann.com/ctf)

Daily Rebuild · Daily browser game: rebuild a broken NBA roster. (dailyrebuild.app)

All five designed, built, and shipped solo, using AI-assisted development across the stack.
